An exemplary transportation system provides a solid backbone which is vital to the state's economic evolution. We must continue our efforts to build and maintain Oklahoma's largest investment – its transportation system.

With the help of your area planning organizations, we are continuously identifying areas requiring new facilities and those needing improvements. This compilation is a financially constrained three-year planning guide spanning Fiscal Years 2005 - 2007 and will assist us in expanding and repairing your transportation infrastructure.

Our planning process allows us to organize our needs and use our resources effectively. The inadequate budget creates a backlog and need for construction and maintenance of our decades-old structures. Employees continue to excel although handed less with which to work. We are held accountable everyday and must continue to perform and reach for excellence, sustaining a successful transportation foundation as it is Oklahoma's economic backbone.

ODOT Director Gary Ridley visits with civic groups on the importance of maintaining our transportation infrastructure.

Each part of our state's transportation system from our 112,500 miles of roads, to our 3,743 miles of railroads, our growing number of bike and walking trails, our airports and buses and to our invaluable navigational system, is essential to our functions as a state. With input from the public and proper planning, we will continue to preserve and expand these assets with the highest level of service possible.

A handwritten signature in black ink that reads "Gary M. Ridley". The signature is fluid and cursive.

EXECUTIVE INTRODUCTION

The mission of the Oklahoma Department of Transportation is to provide a safe, economical and effective transportation network for the people, commerce and communities of Oklahoma.

The Oklahoma Department of Transportation Commission develops a Statewide Intermodal Transportation Plan and a Transportation Improvement Program for all areas of the state. The plan and program facilitate the development, management and operation of safe transportation systems. The Commission is authorized by statute to apply for and administer federal funds available for transportation.

The Commission would like to thank all citizens, federal agencies, elected and appointed officials, Indian Tribal Governments, Metropolitan Planning Organizations and transportation users for their time and effort in providing input for this program.

WHAT IS THE STIP

The Statewide Transportation Improvement Program (STIP) is a financially constrained program which details the utilization of Oklahoma's federal and state transportation funds appropriated for regionally significant projects requiring federal action. It includes a list of priority transportation projects to be carried out in a three (3) year period. The purpose of the STIP is to educate the public on future transportation projects and to assure that federal funds are spent on projects selected from approved long range plans.

This STIP was developed under the guidelines provided by the Transportation Equity Act for the 21st Century (TEA 21), passed by Congress in 1998. The purpose of TEA-21 is to build on initiatives established in the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA). The new act combines the continuation and improvement of current programs with new initiatives to meet the challenges of improving safety as traffic volumes continue to increase.

The Oklahoma Department of Transportation is committed to a statewide system integrating all transportation modes and the STIP assists in achieving a system that provides for the safe and efficient movement of people and products.

SECTION 1:

STATE PROGRAM

The **STIP** contains three (3) years (2005 - 2007) of programmed State Highway, Federal-Aid County, Urban and Metropolitan projects. Projects are programmed by the Federal Fiscal Year which runs from October 1 through September 30 of each year. Funding for projects is dependent upon the continued federal funding made available through the Federal Highway Administration and the Federal Transit Administration. If federal funding received from these agencies varies from original estimates, the number of projects included in any one year will be revised accordingly.

SECTION II:

METROPOLITAN PLANNING ORGANIZATION PROGRAMS

ISTEA and TEA - 21 emphasize the coordination between the State and the Metropolitan Planning Organizations (MPOs). These Acts require a Transportation Improvement Program (TIP) for each metropolitan area exceeding 50,000 population. TIPs are developed by MPOs, designated by the governor, and dictate priorities for each individual metropolitan area. These TIPs are included without modification in the STIP.

The Department partners with the state's three major MPO areas (Oklahoma City, Tulsa and Lawton) to ensure consistency between the TIPs and the STIP. These ongoing partnerships strengthen the working relationships between the Department and the MPOs in their day-to-day planning activities.

METROPOLITAN PLANNING ORGANIZATIONS (MPO)

Association of Central Oklahoma Governments (ACOG)

Zach D. Taylor, Executive Director

21 East Main, Suite 100

Oklahoma City, Oklahoma 73104

Fax: (405) 234-2200 Telephone:(405) 234-2264

The transportation planning boundary, known as the Oklahoma City Area Regional Transportation Study (OCARTS), includes all of Oklahoma and Cleveland Counties and portions of Canadian, Grady, Logan and McClain Counties.

Indian Nations Council of Governments (INCOG)

Jerry Lasker, Executive Director

201 West Fifth Street, Suite 600

Tulsa, Oklahoma 74103-4236

Fax:(918) 583-1024 Telephone:(918) 584-7526

The transportation planning boundary includes Tulsa County and portions of Creek, Osage, Rogers and Wagoner Counties.

Lawton Metropolitan Planning Organization (LMPO)

Pat Henry, Chairperson

103 Southwest 4th Street

Lawton, Oklahoma 73501-4078

Fax:(580) 581-3375 Telephone:(580) 581-3573

The transportation planning boundary consists of the area within the Lawton city, with minor adjustments, excluding Fort Sill.

GOVERNMENTS**

**INDIAN NATIONS COUNCIL
OF GOVERNMENTS**

LAWTON

SECTION III:

INDIAN RESERVATION ROADS PROGRAM

ISTEA and TEA-21 placed special emphasis on the development of transportation planning procedures consistent with the metropolitan and statewide planning process for roads funded under the Federal Lands Highway Program (FLHP). The Indian Reservation Roads (IRR) Program is one of the transportation activities which is funded by the FLHP. The IRR Program funds are allocated to the Bureau of Indian Affairs (BIA) for the construction and improvement of roads, bridges and transit facilities leading to, and within, Indian reservations or other Indian lands. The funds are distributed based on relative need following the approval of the IRR TIP.

The IRR TIP is a prioritized list (by year) of projects selected by Indian Tribal Governments from tribal TIPs. The BIA receives a tribal TIP from each Indian Tribal Government and places the IRR projects into the IRR TIP. If an IRR project lies within a metropolitan area, it must be included in the MPO TIP. The BIA submits the IRR TIP to FHWA for inclusion in the STIP without modification.

In Oklahoma, the Indian Tribal Governments, Bureau of Indian Affairs, State and MPOs keep an open channel of communication and are partners in the transportation planning and decision-making process.

SECTION FOUR: THE PROCESS

The State of Oklahoma, as well as MPOs and Indian Tribal Governments, is proactive in fostering and assuring a full and open access public involvement process when developing the STIP and TIPs. Timely, accurate and complete information about transportation issues and processes is made available to the public through notices and by providing public access to the preliminary documents. Citizens are provided the opportunity and are encouraged to review and comment during the initial development phase and on major revisions.

The following section includes public comments, Certification and the adopted STIP and TIP Development/Amendment Process. This process, agreed to by the state, FHWA, FTA and MPOs, is designed to ensure consistency and cooperation in developing Oklahoma's transportation system.

**PROCEDURES FOR DEVELOPING AND AMENDING
THE OKLAHOMA STATEWIDE TRANSPORTATION IMPROVEMENT PROGRAM
AND THE
OKLAHOMA METROPOLITAN PLANNING ORGANIZATIONS
TRANSPORTATION IMPROVEMENT PROGRAMS**

Section 1203(h) of the Transportation Equity Act for the 21st Century (TEA-21) requires, "The Metropolitan Planning Organization designated for a metropolitan area, in cooperation with the State and any affected transit operator, shall develop a transportation improvement program for the area for which the organization is designated." In addition, Section 1204(f) of TEA-21 requires that, "Each State shall develop a transportation Improvement program for all areas of the State. With respect to each metropolitan area in the State, the program shall be developed in cooperation with the metropolitan planning organization (MPO) designated for the metropolitan area under section 134 of this title and section 5303 of title 49." In accordance with these requirements, the Oklahoma Department of Transportation (ODOT) in cooperation with the Association of Central Oklahoma Governments (ACOG), Indian Nations Council of Governments (INCOG), Lawton Metropolitan Area Planning Commission (LMAPC), Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA), has developed the following procedures and deadlines for coordinating and approving the Statewide Transportation Improvement Program (STIP) and the Transportation Improvement Programs (TIP).

STIP AND TIP DEVELOPMENT PROCEDURES AND DEADLINES

NO.	PROCEDURE	DEADLINE
(1)	The MPOs will begin the annual preparation of a 3-year TIP and ODOT will begin the annual preparation of the 3-year STIP. All projects within the boundaries of a Metropolitan Study area requiring Federal participation, excluding projects undertaken on the National Highway System and pursuant to the Bridge and Interstate Maintenance programs, will be selected by the MPOs designated for such area in consultation with the State and in conformance with the approved Long Range Transportation Plan for such area. Projects undertaken on the National Highway System or pursuant to the Bridge and Interstate Maintenance programs, will be selected by the State in cooperation with the MPOs. In areas of the state not covered by an MPO, all projects in the STIP will be selected by the State in cooperation with the affected local officials.	OCTOBER 1

NO.	PROCEDURE	DEADLINE
(2)	ODOT will request the FHWA to provide a list of Indian Reservation Roads (IRR) to be included in the STIP and TIPs.	OCTOBER 15
(3)	ODOT will provide ACOG and INCOG with a written estimate of anticipated apportionments and obligation authority to be used for preparing their TIPs.	NOVEMBER 1
(4)	FHWA will provide ODOT with a current list of Indian Reservation Roads (IRR). FTA will provide ODOT with a list of all Transit Programs and Funds to be included in each fiscal year of the STIP and TIPs.	DECEMBER 30
(5)	ODOT will provide the MPOs a list of all Federal Funded Forest Highway, Public Lands, Railroad, County Roads, City Streets, City Bridges, Highway, Enhancement projects and FTA Section 5303 funds available to be included in the TIPs for ACOG, INCOG and LMAPC areas.	JANUARY 15
(6)	MPOs will provide a written response to the ODOT indicating if any specific problem(s) exist and the action necessary to correct such problem(s).	FEBRUARY 28
(7)	MPOs will provide ODOT a copy of the Preliminary TIPs for review and comments prior to public distribution.	APRIL 15
(8)	ODOT will provide a written response to the MPOs indicating if any specific problem(s) exist and the action necessary to correct the Preliminary TIPs.	APRIL 30

NO	PROCEDURE	DEADLINE
(9)	MPOs will distribute Preliminary TIPs for public review and comments in accordance with Section 1203 (h) (4) of TEA-21. A minimum of twenty-one (21) days, from date of first publication, will be provided for public review and comments. All substantive comment(s) and appropriate responses will be included in the Final TIPs.	MAY 1
(10)	ODOT will conduct a review/revision of the Construction Work Plan.	JUNE 1
(11)	A copy of the Final TIPs will be provided to ODOT for review and approval. ODOT will provide the MPOs written notification approving the Final TIPs and the documents will then be included in the STIP without modification.	JUNE 15
(12)	The first three years of the revised Construction Work Plan will be included in the Preliminary STIP.	JULY 1
(13)	ODOT will provide MPOs a list of the revised state projects in their areas.	JULY 10
(14)	The Preliminary STIP will be distributed to Federal, State and local Government agencies, Indian Tribal Governments, the MPOs, representatives of transportation employees and the public for review and comments.	JULY 21
(15)	After reviewing the revised state projects, the MPOs will provide written comments to ODOT.	AUGUST 15
(16)	All substantive written comments received on the Preliminary STIP will be addressed and included in the Final STIP for presentation to the Oklahoma Transportation Commission for approval. The Final STIP, including the TIPs, will then be forwarded to FHWA and FTA for formal approval prior to October 1 implementation.	SEPTEMBER OTC MEETING
(17)	Amendment process begins.	OCTOBER 1

STIP AND TIP AMENDMENT PROCEDURES

(1)	When the MPO approves an amendment to the TIP, a copy of the amendment will be forwarded to ODOT for approval, as the Governor's Designee, and addition to the STIP. ODOT will forward notification of the amendment to FHWA and FTA for review and comment. The MPO will be responsible for advertising the amendment and providing an opportunity for public review and comment in accordance with Section 1203 (h)(4) of TEA-21. The public notice must allow a minimum of 14 days from first date of publication for public review and comment. MPO will provide ODOT with the publication date, any written substantive comments and appropriate responses.
(2)	In case of conflict with MPO amendment request, ODOT will provide a written response within 15 calendar days of receipt of request, indicating the problem and the action necessary to correct the problem. Once the conflict has been resolved, ODOT will provide the MPO written approval of the amendment and amend the STIP.
(3)	If ODOT approves an amendment to the STIP which is within the ACOG, INCOG or LMAPC metropolitan study area, ODOT will forward notification of the amendment to FHWA and FTA for review and comment. ODOT will then make a written request to the MPO to amend the TIP. ODOT will provide the MPO any written substantive comments and appropriate responses.
(4)	In case of conflict with ODOT amendment request, the MPO will provide a written response within 15 calendar days of receipt of request, indicating the problem and the action necessary to correct the problem. Once the conflict has been resolved, the MPO will amend their TIP and provide ODOT with written approval of the amendment.
(5)	When the Oklahoma Transportation Commission approves a Federally funded project on the State Highway System and adds it to a currently approved STIP, ODOT will forward notification of amendment to FHWA and FTA for review and comment. ODOT is responsible for advertising the project for public review in accordance with Section 1204(f) of TEA-21. If the Transportation Commission approves a County Road, County Bridge, City Street, City Bridge or other Local Government entity sponsored project, the sponsoring local governmental entity will be responsible for advertising the project as an addition to the STIP. The public notice will allow a minimum of 14 days from first date of publication for public review and comment.
(6)	Projects within any year of the current 3 year STIP can be moved to any other year without requiring a formal amendment.

**APPROVAL OF PROCEDURES AND DEADLINES
FOR DEVELOPING
AND AMENDING THE STIP AND TIP**

In order to develop or amend the Transportation Improvement Program for the three Metropolitan areas and the Statewide Transportation Improvement Program for the State of Oklahoma, these procedures have been prepared by the Oklahoma Department of Transportation in cooperation with the Association of Central Oklahoma Governments, Indian Nations Council of Governments, Lawton Metropolitan Area Planning Commission, Federal Highway Administration and Federal Transit Administration. Each Metropolitan Planning Organization will be responsible for completing and amending their Transportation Improvement Program in accordance with these procedures. The Oklahoma Department of Transportation will then be responsible for developing and amending the Statewide Transportation Improvement Program and for coordinating these efforts with the Federal Highway and Federal Transit Administration. Any changes to specific items or deadlines presented in this procedural guide will require formal approval of the undersigned agencies and MPOs.

We, the undersigned, approve these procedures and deadlines for developing and amending the STIP and TIP. These revised procedures will become effective May 2003.

Joint Memorandum

CERTIFICATION
STATEWIDE TRANSPORTATION IMPROVEMENT PROGRAM
FEDERAL FISCAL YEARS 2005-2006-2007

In accordance with 23 CFR 450.220, the Oklahoma Department of Transportation hereby certifies that the transportation planning process is being carried out in accordance with the following requirements:

- ▶ Title 49 U.S.C., Section 5323(k) and 23 U.S.C. 135 and CFR part 450.220;
- ▶ Title IV of the Civil Rights Act of 1964 and Title VI Assurance executed by each State under 23 U.S.C. 324 and 29 U.S.C. 794;
- ▶ Section 1101 (b) of the Transportation Equity Act for the 21st Century regarding the involvement of Disadvantage Business Enterprises in Federal Highway Administration and Federal Transit Administration funded projects;
- ▶ Provisions of the Americans with Disabilities Act of 1990 and the U.S. DOT implementing regulation;
- ▶ Provision of 49 CFR Part 20 regarding restrictions on influencing certain federal activities.

In addition to these certifications, 23 CFR Section 450.216 describes a number of requirements that the Oklahoma Department of Transportation ensures are met with submission of the Statewide Transportation Improvement Program (STIP). These requirements are as follows:

- ▶ Public involvement was provided for in the development of the FFY 2005-2007 STIP as required by 23 CFR Section 450.212;
- ▶ The Transportation Improvement Programs for Oklahoma's three metropolitan planning areas (Oklahoma City, Tulsa and Lawton) are included without modification and have been approved by the Governor or his designee;
- ▶ The STIP contains only projects which are consistent with the Oklahoma Statewide Intermodal Transportation Plan;
- ▶ The STIP is financially constrained during each fiscal year;
- ▶ The STIP includes a list of priority projects to be carried out each year;
- ▶ The STIP includes all regionally significant transportation projects requiring action by the Federal Highway Administration or Federal Transit Administration.

SECTION V:

FEDERAL LANDS

The Federal Lands Highway Program provides funding for a coordinated system of public roads on land which is not the responsibility of state or local government. The Federal Lands Highway Program actively administers the surveying, design and construction of forest highway system roads, parkways and park roads, Indian reservation roads, defense access roads and other Federal lands roads. It also directs the conduct of transportation planning and engineering studies.
